Neil: Chris Bouwkamp sends his regards and the comment that some time ago he gave you numbers, some of which he was not sure of: to be explicit entry ~~650~~ in your book on integer sequences should end with the numbers 31426 and 110381. This is so because of the occurrence of "four corners" effects in 1, resp. 3 cases, resulting in reductions of the numbers that he first quoted.  
Best wishes, Jack.
